- 19.1.4.2 Post the acceptance as described in Clause 19.1.4.1 above, in case there are any Shares left to be bought back in the Reserved Category for Small Shareholders, the Small Shareholders who were entitled to tender zero Shares (on account of ignoring the fractional entitlement), and have tendered additional Shares as part of the Buyback offer, shall be given preference and one share each from the Additional Shares applied by these Small Shareholders shall be bought back in the Reserved Category.
- 19.1.4.3 Post the acceptance as described in Clauses 19.1.4.1 and 19.1.4.2 above, in case there are any Shares left to be bought back in the Reserved Category, the Additional Equity Shares tendered by the Small Shareholders over and above their Buyback Entitlement, shall be accepted in proportion of the Additional Shares tendered by them and the acceptances per shareholder shall be made in accordance with the Regulations, i.e. valid acceptances per shareholder shall be equal to the Additional Shares validly tendered by the Shareholder divided by the total Additional Shares validly tendered and multiplied by the total Pending number of Shares to be accepted in Reserved Category. For the purpose of this calculation, the Additional Shares taken into account for such Small Shareholders, from whom one Share has been accepted in accordance with Clauses 19.1.4.2 above, shall be reduced by one.

19.1.4.4 Adjustment for fractional results in case of proportionate acceptance, as described in Clause 19.1.4.3 above:

- For any shareholder, if the number of Additional Shares to be accepted, calculated on a proportionate basis is not in the multiple of 1 and the fractional acceptance is greater than or equal to 0.50, then the fraction would be rounded off to the next higher integer.
- For any shareholder, if the number of Additional Shares to be accepted, calculated on a proportionate basis is not in the multiple of 1 and the fractional acceptance is less than 0.50, then the fraction shall be ignored.

- a) For any shareholder, if the number of Additional Shares to be accepted, calculated on a proportionate basis is not in the multiple of 1 and the fractional acceptance is greater than or equal to 0.50, then the fraction would be rounded off to the next higher integer.
- b) For any shareholder, if the number of Additional Shares to be accepted, calculated on a proportionate basis is not in the multiple of 1 and the fractional acceptance is less than 0.50, then the fraction shall be ignored.

19.1.6.1 In case there are any Shares left to be bought back in one category ("Partially filled Category") after acceptance in accordance with the above described methodology for both the Categories, and there are Additional unaccepted validly tendered Shares in the second Category, then the Additional Shares in the second Category shall be accepted proportionately i.e. valid acceptances per shareholder shall be equal to the Additional outstanding Shares validly tendered by a shareholder in the second Category divided by the total Additional outstanding Shares validly tendered in the second Category and multiplied by the total Pending number of Shares to be bought back in the Partially filled Category.

19.1.6.2 If the Partially filled Category is the General Category for Other Shareholders and the second Category is the Reserved Category for Small Shareholders, then for the purpose of this calculation, the Additional Shares tendered by such Small Shareholders, from whom one Share has been accepted in accordance with Clause 19.1.4.2, shall be reduced by one. If the Partially filled Category is the Reserved Category for Small Shareholders, then the methodology as provided and explained in point#

- 19.1.6.1 above, shall be followed.
- 19.1.6.3 Adjustment for fraction results in case of proportionate acceptance, as defined in Clause 19.1.6.1 above:
- For any shareholder, if the number of Additional Shares to be accepted, calculated on a proportionate basis is not in the multiple of 1 and the fractional acceptance is greater than or equal to 0.50, then the fraction would be rounded off to the next higher integer.
